Facility Location: A Survey of Applications and Methods (Springer Series in Operations Research and Financial Engineering)

Facility location applications are concerned with the location of one or more facilities in a way that optimizes a certain objective such as minimizing transportation cost, providing equitable service to customers, capturing the largest market share, etc. Facility location problems give rise to challenging geometrical and combinatorial problems. The research on facility location problems spans many research fields such as operations research/management science, industrial engineering, geography, economics, computer science, mathematics, marketing, electrical engineering, urban planning, and related fields. Applications to facility location models abound. Location of warehouses, plants, hospitals, retail outlets are classical examples. Applications are also found in the location of electronic components, warning sirens, sprinklers, radar beams, exploratory oil wells. These are less obvious "facilities". One should consider applying a location model to any scenario that involves finding a best location (or locations) for any object(s). This book *Facility Location: A Survey of Applications and Methods* provides a state of the art review along with references to important contemporary topics in locational analysis. The book includes twenty chapters divided into four parts, each dealing with a different aspect of location modeling and implementation. The book concludes with over 1,200 references. The first part Methodology and Analysis consists of a survey of methodological and technical aspects of location analysis. Issues such as estimating distances, the error introduced by assuming discrete demand rather than continuous one, global optimization techniques, inference of weights, conjugate duality, and using Voronoi diagrams are reviewed.

From reader reviews:

Henrietta Jimerson:

Why don't make it to be your habit? Right now, try to prepare your time to do the important behave, like looking for your favorite book and reading a publication. Beside you can solve your short lived problem; you can add your knowledge by the reserve entitled Facility Location: A Survey of Applications and Methods (Springer Series in Operations Research and Financial Engineering). Try to make the book Facility Location: A Survey of Applications and Methods (Springer Series in Operations Research and Financial Engineering) as your good friend. It means that it can to be your friend when you feel alone and beside regarding course make you smarter than ever before. Yeah, it is very fortunated in your case. The book makes you far more confidence because you can know everything by the book. So , let me make new experience and also knowledge with this book.

Jess Bolan:

Here thing why this specific Facility Location: A Survey of Applications and Methods (Springer Series in Operations Research and Financial Engineering) are different and trusted to be yours. First of all studying a book is good however it depends in the content of computer which is the content is as yummy as food or not. Facility Location: A Survey of Applications and Methods (Springer Series in Operations Research and Financial Engineering) giving you information deeper as different ways, you can find any publication out there but there is no publication that similar with Facility Location: A Survey of Applications and Methods (Springer Series in Operations Research and Financial Engineering). It gives you thrill reading journey, its open up your personal eyes about the thing in which happened in the world which is probably can be happened around you. You can bring everywhere like in park, café, or even in your technique home by train. When you are having difficulties in bringing the printed book maybe the form of Facility Location: A Survey of Applications and Methods (Springer Series in Operations Research and Financial Engineering) in e-book can be your choice.

Craig Nazario:

Hey guys, do you really wants to finds a new book to read? May be the book with the name Facility Location: A Survey of Applications and Methods (Springer Series in Operations Research and Financial Engineering) suitable to you? Typically the book was written by renowned writer in this era. Typically the book untitled Facility Location: A Survey of Applications and Methods (Springer Series in Operations Research and Financial Engineering)is the main one of several books in which everyone read now. That book was inspired a number of people in the world. When you read this e-book you will enter the new dimension that you ever know ahead of. The author explained their plan in the simple way, and so all of people can easily to understand the core of this publication. This book will give you a wide range of information about this world now. So you can see the represented of the world with this book.

Eileen Moore:

Do you like reading a e-book? Confuse to looking for your selected book? Or your book ended up being rare? Why so many issue for the book? But any people feel that they enjoy regarding reading. Some people likes examining, not only science book but novel and Facility Location: A Survey of Applications and Methods (Springer Series in Operations Research and Financial Engineering) or others sources were given knowledge for you. After you know how the great a book, you feel desire to read more and more. Science e-book was created for teacher or maybe students especially. Those textbooks are helping them to include their knowledge. In some other case, beside science book, any other book likes Facility Location: A Survey of Applications and Methods (Springer Series in Operations Research and Financial Engineering) to make your spare time far more colorful. Many types of book like here.
