I believed in sex, once upon a time. And passion. But now my life as a single, divorced career girl living alone in New York City was all about work. I hadn't had a date in years.

But then he came along . . . Alexandre Chevalier. The French CEO billionaire of HookedUp, the social media phenomenon that had taken the world by storm.

He was the most beautiful man I'd ever seen, and with eyes so green they seared into my soul.

Like a flash of lightning he struck me down . . . his touch was electric, and I knew my life was irrevocably changed. I'd never be the same again.

He awakened every fiber of my being, ignited every cell in my body.

And just when I thought things couldn't be more perfect . . .

It all came crashing down.

\*

I'd had it with all the crazy women in my life: the models, the movie stars, even my power-hungry sister and business partner. If you'd had a past like mine, you'd understand.

I just wanted a normal relationship with a normal woman . . .

And then I met her . . . Pearl Robinson.

She was perfect for me.

Or so I thought.

But I was in for a shocking surprise when I found out the truth . . .

Of who she really was.

HOOKED UP is a series of three, full-length novels averaging 300+ print pages each, to be released at intervals of one month and three weeks.
