Joel David Bakst

The Secret Doctrine of the Gaon of Vilna: Mashiach ben Yoseph and the Messianic Role of Torah, Kabbalah and Science (Volume 1) Joel David Bakst

This work reveals the ancient yet futuristic imperative behind the unexpected confluence between Kabbalah and science that was prophesized to begin in the year 1840 and onward. This prediction, first revealed in the 13th century Zohar, necessitates the “reunion” of the kabbalistic “wisdom from above” together with the technological “wisdom from below” in order to stimulate global redemption into the Messianic Age and beyond. This mystical doctrine is based upon the teachings of the Gaon of Vilna drawn from his writings and especially from the 200 year old hidden book Kol HaTor - The Call of the Turtledove – kept secret and only published in 1968. The Secret Doctrine of the Gaon of Vilna is the first ever extensive and coherent presentation of the esoteric Kabbalah school of Rabbi Eliyahu ben Shlomo Zalman, considered among the greatest Torah sages and mystics of the last several centuries.
