"I want my mommy!" is this hesitant little girl's response to her first day at nursery school. But after she gets involved with glue-y projects, singing and dancing, painting, game playing and meeting new friends, she gradually changes her mind about nursery school. Children (and parents!) who are anxious about the transition to daycare or preschool will find this book both spirited and comforting. The clever front and back jacket illustrations hint at the happy ending and the interior art is playful and bursting with color.
