## **Finally: Magic Words That Get You Women**

Here's the truth, strange as it may sound:

If you're a man who likes women and really wants to attract them, but don't know what to say to them or how to say it and don't know any of the ways to get a girl, this may be the most important message you will ever read. Like it or not, if you want to attract women, you have to talk to them in a manner that makes them feel attraction. If you know how to do this you will attract women, if not you won't, plain and simple.

My name is John Alanis, and for the past 8 years I have shown men of all shapes, sizes, colors, and incomes how to attract the women they really want, no matter how nervous or awkward they are around women to start with. Many men get so flustered at the mere thought of talking to women that they actually drive them away instead of talking to them and attracting them.

There is good news. Talking to women is nothing more than a learnable skill, something any man can do regardless of past failures or nervousness with women. Many men who have problems talking to women simply don't know how to do so or even know it can be learned.

In this new book I reveal from top to bottom how even the most nervous man can quickly and easily learn to talk to any woman in a way that creates attraction with her. The old saying is true, "women fall in love through their ears, men through their eyes." Say the right words to the right woman at the right time, and you can cause her to have sudden and intense feelings of attraction for you.

## **Here is what is revealed in this novel, step by step plan to meeting the right women:**

- Why women respond so strongly to the sounds of a man's voice
- How to eliminate nervousness and awkwardness when talking to women for good
- How to use words to activate her mind coming to the natural conclusion that she's attracted to you
- How to get any woman to happily tell you anything you want to know about her
- How to talk any woman into anything

...and much, much more. No matter how bad you think you may be at talking to women right now, you can be a silver tongued devil hours after you put this book to work for you. Also, you get access to the bonus video, "Attraction Live and Demonstrated" where I SHOW you how to talk to women with real, live women.

**Consider this:** you can keep being nervous and awkward around women for the rest of your life, or you can take action to learn how to talk to them in a way that creates attraction. It's easy, it's simple, and it's fun.
