Winter's Edge Regina Clarke

Growing up in an asylum like Creedmore should have broken her spirit, but for Ena Williams, it has been an education into the motivations that drive others, and an entrance into the skills needed to merge into the outside world. Consumed by the need to find the mother who abandoned her there, she is surprised to discover her search leads her into a small northeastern town that takes over her heart. The Shawangunk Mountains that mark the region, too, bring her an awareness of who she is in ways she never expected. Hired to collate archaeological documents at the local college, she is drawn in to helping local detective Galen Hill find a serial killer, and finds instead a way to let go of the past.
