**If you have never read the Bible, or if you have tried but found it hard to understand, this little book will help you get started.**

## **PART ONE - THINGS YOU'LL NEED TO KNOW**

**The Bible is a Miracle!** No other book like the Bible has ever been written. No other book has ever been so valuable to so many people. No other book claims to give its readers a personal connection to the Creator of the universe. The only way to truly understand the Bible is to realize that it is a supernatural book.

**What's In the Bible?** In this section you will learn about the building blocks of the Bible, that is, about books, chapters and verses. You will also find a very broad overview of the contents of scripture.

**How To Read Your Bible.** One of the wonderful things about the Bible is that there are many right ways to read it. This section describes several "reading personalities," and will help you find the reading style best suited for you.

**Getting Over the Bumps.** Reading the Bible can be challenging for a number of specific reasons. While this section certainly doesn't erase these problems, it will offer suggestions to keep you going in spite of them.

## **PART TWO - THE BOOKS OF THE BIBLE**

Part Two provides a glimpse into what is actually in each book of the Bible. These are not so much summaries as introductions, providing such things as information about the writer, an explanation of the people and events being written about, and the purpose for the writing.

After reading through these introductions, your Bible will begin to feel somewhat familiar, like a person you're meeting for the second time, or a town you've visited before. They will also help you decide which parts of the Bible you may want to read first.

## **PART THREE - GOING FURTHER**

Unlike most books which you simply read through once or twice, the Bible is designed to be studied continually for the rest of your life. There are two ways to study the Bible: digging down deep, or backing up for a broad view. Part Three provides a sample in-depth study of one particular chapter, and then discusses how to look throughout the Bible for the truths it contains.

The most important truth of scripture, however, stretches from cover to cover and gives meaning to everything in between. It is the story of God's amazing love for His creation, a love He demonstrated through the sacrifice of His Son. The book concludes with this story.
