Dissection of Desire

Linda Leven

Dissection of Desire Linda Leven

Master storyteller Linda Leven artfully breathes life into the current postmodern condition of relationships – its subtleties and vagaries – in an expansive page-turner, *Dissection of Desire*. With her fluid prose and rare ability to turn the ordinary into something spectacular, quite exotic, erotic, and profound, Leven plummets the reader into a story of amorous intimacies, unperceived wounds and the necessary agonies sustained in relationships - whether familial, platonic, or amorous. The drama revolves around four individuals as they unwittingly plunge into the tumult and dangers of the intimacy maelstrom. Caroline, an older, sophisticated, professional woman, despite having a soul-mate, is bored and seeking breathtaking romance with a young man. In his twilight years, Dr. Ramirez is dispirited in his burned-out marriage, but believes he is too old to alter his life, until meeting sexy Claire, a patient. Unfortunately, Nina, his wife, is an old-fashioned woman who believes only marriage, children, and family bring fulfillment. Into this mélange comes Ronny, her son—handsome, sexy, a sensualist—who adores women, but in his own aberrant, warped manner. Leven penetratingly paints and dissects in vivid colors a picture of tormented lives entangled in passionate but toxic, perverted, unhealthy relationships. Although the lovers may strip themselves of their lacerating liaisons, do they walk away unscathed and unscarred? In this novel, Leven flawlessly illuminates the imperceptible damage and mayhem sustained when people's lives and happiness depend upon fickle, unreliable love from others. The bold, flaming, shattering scenes portrayed may have one gasping for fresh air and sunshine.
