Handbook of Research on Strategy and Foresight

Handbook of Research on Strategy and Foresight

This important handbook explores and evaluates dynamic environments and the appropriate strategic responses to them in the 21st century. Drawing together a collection of 29 chapters the handbook makes an invaluable contribution to theory and practice by stimulating disciplined, rigorous and imaginative enquiry into the relationship between strategy and foresight. Leading scholars in the fields of strategic management are brought together to offer innovative and multi-disciplinary perspectives on the past, present and future of strategy formulation and foresight. In so doing, they challenge research in four key areas: strategy and foresight processes; strategy innovation for the future; understanding the future; and, strategically responding to the future. "The Handbook of Research on Strategy and Foresight" is a comprehensive resource that will be invaluable for academics, students and practitioners interested in this important phenomenon.
