The Renaissance Prophet's Manual is a must-have for everyone who desires to grow in the prophetic. While training people, I see the problem that many encounter in their prophetic walk, and many feel inadequate. In this manual, I not only answer the hard questions that many have refused to answer, but I also give the student, reader and teacher information that will equip them for success, empower them, enforce the assignment given, and engage the anointing.

Prophets and prophetic people must go through five seasons or die in the wilderness. This book teaches how to go through these seasons properly and with grace. Elisha had to master every season in the midst of every distraction before he could come into his "double portion anointing." Understanding the seasons will empower each person to take advantage of the anointing for that season and gain victory in every area of life. The contents of the three volumes of The Renaissance Prophet Manual Teacher's Edition come from over thirty years of my training, studying, going through, making it through, failures, victories in areas of life, ministry, and I will not keep back anything that will be profitable to you. My motto is and has always been "quitting is not an option and learning never stops." You may say "this walk is so hard"! My answer to you through this book is "The way of the transgressor is hard." (Proverbs 13:15). but if you "study to show yourself approved" (2Tim. 2:15). Your way becomes easier. Once you know how to function in concert with the power of declaration of God's prophetic word, then the work becomes easy. There is nothing hard about being a prophet; the hard thing is not knowing what to do or how to do it, This book is a must have because it shows the way
