H. G. Wells, Secret Agent

Alex Shvartsman

H. G. Wells, Secret Agent Alex Shvartsman

H. G. Wells is a Victorian-era James Bond who must defend England and the world against time travelers, alien incursions and interdimensional threats (if he can learn quickly on the job, and survive the human foes he encounters, that is!) During his missions, Wells will team up with Anton Chekhov to foil an assassination plot against Prince Nicholas Romanov of Russia, oversee the construction of the giant antenna designed to detect alien invasion fleets (or, as we know it, the Eiffel Tower), rub shoulders with the likes of Arthur Conan Doyle, Marie Curie, Jules Verne and Annie Oakley, and risk everything to encourage cooperation among the world's most powerful intelligence agencies. This humorous steampunk novella is filled with Easter eggs and British pop-culture references, from The Beatles and Ian Fleming to Douglas Adams and Dr. Who.
