## **Guitar 1 - Start Out Jammin'! (A Beginner Guitar Instruction Book & DVD)** Jerry Jennings

BOOK/DVD Hey, I'm Jerry Jennings. I've been teaching guitar for 20 years. I've written what I believe to be the absolute very best beginner book ever. *Guitar 1 Start Out Jammin* series. It comes with a DVD of me explaining each exercise in detail. If you have a guitar and you haven't played it much because what you learned in lessons was boring, or maybe you never took lessons, I really believe you can finally get past the beginner stage with this book/dvd set. Most beginner approaches feel that, in order to be responsible, they must try to teach you how to read at the same time as learning to play. The result? You can only learn songs that fall within your reading ability. Ok today we're going to learn Buffalo Gals... Who wants to spend their time on that? Let's get right to the jamming (as the name implies). How am I able to slough off the importance of reading? I don't. With *Guitar 1 Start Out Jammin*, you're learning rhythmic notation, which is a much easier task. And it actually prepares you to learn standard notation later. Then, once you've gotten past the basics on guitar, if you want to further your reading, get my first book, *The Guitarist's Link to Sight Reading*. It's much easier to focus on reading if you're not struggling with how to play your first chord on the guitar. My Promise to You: If you take out your guitar, put the DVD in your player, and open your book, I will do the rest. This will not be another book gathering dust on your shelf, I promise... if you will only commit to getting started, I will get you to the point where you're having fun playing music. If you buy it here, I'll give you a complete 30 day money back guarantee. There is no today only price because it's already priced so incredibly low, you'll probably wish you were paying more. If so, just buy four or five of them and give them as gifts. Problem solved!

#### **Eduardo Fernandez:**

As a university student exactly feel bored to be able to reading. If their teacher requested them to go to the library as well as to make summary for some book, they are complained. Just minor students that has reading's soul or real their pastime. They just do what the educator want, like asked to go to the library. They go to at this time there but nothing reading very seriously. Any students feel that looking at is not important, boring and also can't see colorful pictures on there. Yeah, it is to get complicated. Book is very important to suit your needs. As we know that on this time, many ways to get whatever we wish. Likewise word says, ways to reach Chinese's country. Therefore , this Guitar 1 - Start Out Jammin'! (A Beginner Guitar Instruction Book & DVD) can make you sense more interested to read.
