Record a Story: The First Christmas is a recordable storybook that enables family members or friends to read a beloved Bible story to a child even when they are far apart. Grandparents, military members assigned to a faraway land, and others can make Christmas a special holiday for a child without actually being there with the gift of a storybook. In their own voice they tell the story of Christ's birth and the first Christmas, as told in the Bible in Luke 2:1-19 (King James version). The voice recording is permanent; it will not be lost when the book's batteries are changed. The product is an ideal gift for children ages 18 months and older.

Record a Story: The First Christmas is easy to set up. Follow these directions:

Turn to the page you wish to record.

Press the RECORD button. Listen to the instructions. When you hear a beeping sound, read the words on the page.

After you finish reading the page, press STOP. You can re-record until you are satisfied with the recording.

Repeat the process with the remaining pages of the book.

You can also record a personalized message on the dedication page.

Set the locking switch behind the screw-on plate to ensure that your recording won't be inadvertently erased.

Three replaceable AAA batteries that power the sound module come with Record a Story: The First Christmas.

Please note that in order for the book to function properly it must be recorded on a flat surface and in a well-lit area, so that the holes located on the right side of the book have an unobstructed view of a light source. The same conditions are also required for proper playback.
