The twenty-five years old, **Jane Williams** wakes up feeling nauseous and hurting all over. She is living with her old aunt, who is blind and needs constant care, and still unmarried. The first thought that comes to her mind that morning, however, was that she might be pregnant, as about two months ago she did something very stupid and let Richard Hardstone have her.

The man is the richest person in the High Hills town, Colorado, and a well known rake Lord. Jane had been in love with him since they were at school together and is unable to resist him, no matter how wrong what they were doing was.

On the other hand, **Richard Hardstone** is used to be admired by women and had never found it difficult to have one. All that until he meets again with Jane Williams. The shy and lonely girl is constantly saying no to him, no matter what he says or does. However, during the town's festival, Richard manages to take her away from her friends and Jane couldn't resist him any longer. Now, two months later she is pregnant, unmarried and all alone in the world.

Should she tell him about the pregnancy or would Richard find the truth on his own?
