Evolve or die.

Nothing could prepare Tabitha Jones for the dead infested world she woke up to.

Robbed of her loved ones and altered by the venom of an alien species, she's forced to leave her old life behind and survive the ruins of Earth. Pursued relentlessly by monstrous swarms and desperate survivors, she faces a changing world and her own ever-evolving abilities as she searches for the remnants of civilisation.

But as humanity turns on her, and the alien threat hunts their hybrid creation ever more obsessively, Tabitha realises that there's only one side left to fight for – her own.

Mastering her new electrical nature, she learns to control a devastating alien weapon – and begins to carve her own path in a violent overgrown world. Where that path will lead her though, not even she can know...
