The Big Girl's Fashion Guide: Fashion Rules, Wardrobe Basics and More Chronic Love Sinns

In a world obsessed with being skinny, fashion for the oversized is often hard to come by. Big girls all over the world prefer to hole up in their houses rather than venture out into a world where their body is ridiculed and stared at. That is until she discovers the life changing effects of fashion. Yes, fashion is life changing, especially for plus sized women. Knowing that you look attractive automatically boosts your confidence, giving the oversized girl the courage to step out of her house and walk the streets, knowing that she looks chic and stylish and that the people staring at her are not ridiculing her body, but instead appreciating her clothes.

Plus sized fashion can be tricky because it does not follow the usual trends and fashion rules. Plus sized fashion is a world of its own and mastering it requires experimenting - a long process of trial and error - before one can develop an instinct of what looks good and what doesn't. This book attempts to make a big girls fashion struggles easier, by navigating her through the basics of plus sized fashion, with simple, useful tips and tricks that will never lose their usefulness.

Fashion never needs to be stressful, as it often is for big girls. Fashion is an art that is fun, peppy and pure joy. Plus sized fashion plays with illusions, allowing oversized women to trick their bodies into looking slimmer, longer, sleeker, and sexier.

Through this book, we hope to help big girls find their grounding in plus sized fashion, and through fashion, learn to recognize themselves as more than just a large dress size.
