Williams Gynecology (Schorge,Williams Gynecology) John Schorge, Joseph Schaffer, Lisa Halvorson, Barbara Hoffman, Karen Bradshaw, F. Cunningham

The first guide to bridge the gap between medical and surgical gynecology

A Doody's Core Title

Written by clinicians from the same department of Obstetrics and Gynecology responsible for the landmark bestseller *Williams Obstetrics*, this full-color text and atlas offers a complete overview of gynecology that no other source can match. In its pages, you'll find a templated, in-depth examination of the entire spectrum of gynecologic disease.

Supporting this unparalleled coverage are a gynecologic surgical atlas, and numerous comprehension-building algorithms, tables, and figures that clarify differential diagnoses and preferred management strategies for treatment. And unlike most multi-authored texts, *Williams Gynecology* has a consistent, even tone, as all of its editors and authors are affiliated with Parkland Hospital in Dallas.

FEATURES:

- Encyclopedic scope covers the full range of gynecologic disorders, from cancer and infertility, to urogynecologic disorders
- Full-color atlas section consisting of 350 figures that illuminate operative surgical techniques -- created by the Director and students of the Biomedical Communications Graduate Program at UT Southwestern.
- Strong procedure orientation, covering a wide array of surgical operations, which are illustrated in detail
- Numerous clinical algorithms and boxes highlighting differential diagnoses and best-practice treatment methods
- Experienced author team from Parkland Hospital that updated the classic *Williams Obstetrics*--the leading reference in obstetrics for more than a century
