### DARKNESS PAST MEETS DARKNESS PRESENT

Claire, a private and outwardly content librarian, carries a secret: she is wracked with guilt over her twin brother Sam's accidental death fifteen years earlier. Claire's quiet life is threatened when Justin, an aggressive business developer, announces the renovation of Farmington's oldest textile factory, which is the scene of Sam's death, along with many other mysterious accidents throughout its long history. Claire not only feels a personal connection to the factory, but she also begins to receive "visitations" from her brother, which cause her to question her sanity. As Justin moves forward with his plans to renew the factory, Claire—and the town as a whole—discover that in Farmington, there is no clear line between the past and the present.
