The New Shape of World Christianity: How American Experience Reflects Global Faith

Mark A. Noll

The New Shape of World Christianity: How American Experience Reflects Global Faith Mark A. Noll
2010 *Christianity Today* Book Award winner! With characteristic rigor and insight, in this book Mark Noll revisits the history of the American church in the context of world events. He makes the compelling case that *how* Americans have come to practice the Christian faith is just as globally important as *what* the American church has done in the world. He backs up this substantial claim with the scholarly attentiveness we've come to expect from him, lucidly explaining the relationship between the development of Christianity in North America and the development of Christianity in the rest of the world, with attention to recent transfigurations in world Christianity. Here is a book that will challenge your assumptions about the nature of the relationship between the American church and the global church in the past and predict what world Christianity may look like.
