In this important book, Russ teams up with gifted communicator Kelly Talamo to offer readers the truth about popular money lies that influence the spending decisions of millions of Americans.

Through the use of everyday stories about men and women who wrestle with spending decisions everyone faces, the authors expose the lies involved and give truth principles based on the Bible to refute the lies.

Common lies include:

- 10 percent is God's, 90 percent is mine
- I can't afford to give
- My security is in my investments
- My talents and abilities produce my wealth
- The harder I work, the more money I make

Readers will be better equipped to manage money, make informed financial decisions, and use their money wisely as they replace the common money lies they've been taught with the truth of the Bible.
