Holding Their Own III: Pedestals of Ash Joe Nobody

Book three in Joe Nobody's popular series continues the saga of Bishop and Terri, as their post-apocalyptic world attempts to recover. Caught up in a power struggle to lead the recovery, the young couple are drawn away from their West Texas retreat and must use all of their skills to survive. The year is 2015 and the government of the United States has all but ceased to exist. The military controls some of the larger cities, but its loyalties are divided between the President of the United States and a new, growing organization called The Independents. The Holding Their Own series, by bestselling author Joe Nobody, follows the adventures of a young couple as they survive in a world where anarchy prevails and society struggles to establish rule of law. In Pedestals of Ash, the third book in the series, Bishop and Terri are pulled away from their secluded retreat and thrust into the power struggle to rule.
