A satisfying category romance novella from Entangled's Lovestruck imprint...

Music teacher Holly Jones is in a festive predicament. Her boyfriend just dumped her the week before Christmas, so why is she only depressed he made off with the mince pies? When the charming science teacher next door overhears the dreaded call and suggests she accompany him on his Scottish holiday retreat, she accepts, eager to spend a quiet week rediscovering herself.

Noel Coward's wife died on Christmas Eve three years ago. To bury the memories of that day, he spends the holidays getting drunk and watching action movies—which makes him perfect company for a fellow teacher in need of solitude. Except, instead of wallowing in his grief, Noel finds himself comforted by Holly's presence, fascinated by her mind, and after one innocent kiss, on fire for her touch. As the snow piles up outside, the temperature inside soars, while together, they discover the human heart's amazing capacity to heal...and love.
