At Millennium's End: New Essays on the Work of Kurt Vonnegut

At Millennium's End: New Essays on the Work of Kurt Vonnegut

Collected essays by noted scholars covering the breadth and influence of Kurt Vonnegut's literature.

"When I look back at my incredibly lucky career as a writer, it seems that there was never time to think. It was as though I were skiing down a steep and hazardous mountain slope. When I look back at the marks my skis made in the snow on the way down, I only now realize that I wrote again and again about people who behaved decently in an indecent society." -- From the Foreword by Kurt Vonnegut

At Millennium's End looks back over the body of Kurt Vonnegut's writing, examining the novels, essays, and short stories of one of the century's most beloved and widely read authors and social critics. It also looks forward, projecting Vonnegut's relevance to the next millennium. The essays, by noted Vonnegut scholars and personal friends, are each written from the perspective of someone familiar with Vonnegut's entire canon.

"Kevin Boon's *At Millennium's End* is a splendid collection of original essays about one of our most singular and enduring writers. The book includes a variety of new voices in Vonnegut criticism along with the most respected scholars in this area, including Jerry Klinkowitz, Donald Morse, Larry Broer, and Loree Rackstraw. Together they offer a unique perspective that makes this collection one of the best books on Vonnegut to appear in years." -- Leonard Mustazza, author of *Forever Pursuing Genesis: The Myth of Eden in the Novels of Kurt Vonnegut*

"This is a very important book in the area of Vonnegut studies. Vonnegut's long career corresponds almost exactly with the last half century, making this an appropriate point for evaluation. Besides consideration of the work of this one writer, the book addresses wider issues such as making fiction into film, narratology, and the nature of postmodernism." -- Peter Reed, coeditor of *The Vonnegut Chronicles: Interviews and Essays*
