Poseidon's Wake Alastair Reynolds

This novel is a standalone story which takes two extraordinary characters and follows them as they independently begin to unravel some of the greatest mysteries of our universe. Their missions are dangerous, and they are all venturing into the unknown...and if they can uncover the secret to faster-than-light travel then new worlds will be at our fingertips.

But innovation and progress are not always embraced by everyone. There is a saboteur at work. Different factions disagree about the best way to move forward. And the mysterious Watchkeepers are ever present.

Completing the informal trilogy which began with *Blue Remembered Earth* and *On the Steel Breeze*, this is a powerful and effective story.
