Each one of us has the spark of inspiration inside of us, inspirational quotes help us connect with that spark. Too many times in the world we don't know where to turn to and what to do, and end up listening to advise from others who may be in the same boat as us. This is very much a situation where- "blind leads the blind they both may fall in the ditch." Inspirational Quotes connect us with the words of wisdom from the people who have been there and done that. These words are not empty slogans but they do come out of their real life experience. These people have lived through the same struggles and difficulties in life and found a way to thrive. These words express what they have found and express it with certain clarity.
