The great rivers of North America are teeming with life and on the pages of *Over in a River*—from blue herons in the Hudson to salmon in the Columbia, and from dragonflies in the Rio Grande to mallards in the St. Lawrence. Children will *slither* like water snakes and *slide* like otters while singing to the tune of "Over in a Meadow." And they'll count baby animals in watersheds all over North America! What a delightful way to learn about riparian habitats and geography at the same time!
