Kelly Clan Box Set One: Finn, Conor, Noel Madison Stevens

The men of the Kelly Clan have grown up in a life of organized crime. Now that they want to go straight, they find that sometimes it takes a bad man to protect a good woman.

FINN

Getting shot again isn't on top of Alyssa's list of favorite things, but if it means saving Finn Kelly, she's more than willing to take the risk. Now, if she can only convince him to quit being so overbearing, they might stand a chance at starting some sort of relationship.

Being the head of an Irish mob family is a dangerous line of work, even if they are trying to move away from illegal activities. The last thing Finn wants is to drag Alyssa into his world, but he isn't given much choice. With a crazy Russian mobster out for blood and his own brother fracturing the family, Alyssa and Finn will need to learn to trust one another to survive.

This book follows KACE of the Allen Securities series. Although it can be read as a stand-alone book, some characters and plot elements will have stronger impact if you have read KACE.

CONOR

Claire McClure has other things to worry about than what's on TV or the latest fashion trends. She's determined to get elected to a city council position, and she's not going to let a few pesky members of the Russian Mafia ruin it for her, even if they've already demonstrated a willingness to kill people who get in their way.

Having left the Kelly Clan as a traitor, Conor really shouldn't be worried about his ex-girlfriend, Claire, but when it comes to the Russians, there's plenty to worry about. He's also not pleased with the fact that his unstable new boss is making eyes at his sister and has allied with the Russians.

Torn between the woman he loves and the sister who needs him, Conor has to make a choice about which world he's going to live in before someone he loves ends up dead.

NOEL

When the Kelly Clan needs something handled, they always turn to Noel. He's a man who was trained from childhood to get things done.

He never thought about much else until the night he was captured and tortured by the Kelly Clan's greatest enemy: the Russian Mafia. Now his every waking moment is consumed with revenge.

Noel also never planned on catching the eye of the feisty but innocent Haley. He doesn't understand why she'd be interested in a brooding, scarred criminal like himself. Nor does he want to risk her being endangered by the many enemies that come with his lifestyle. Still, he can't deny his passionate yearning for the woman.

When an old nemesis in the Russia Mafia slithers out of hiding, Noel and Haley realize just how dangerous their attraction to each other can be.
